Re: Cactus Rat Claims
Sec.'s 9 & 33, T. 22S., R. 22E.
Grand County, Utah

Dear Mr. Bunker:

The Division is in receipt of the Declaration of Exemption Form dated September 1, 1979, by which you filed for the Cactus Rat Claims in Grand County, Utah. The location given for this operation raises some question, however, because Atlas Minerals of Moab, Utah also has a mining operation in Section 33, T. 22S., R. 22E., Grand County, Utah.

Atlas Minerals filed a Notice of Intention to Commence Mining Operations for the Cactus Rat Mine with this Division in January of 1978 and has been permitted to conduct such operations on this location, pending the posting of adequate surety.

Possibly you are already aware of this fact and have a contract with Atlas Minerals, or perhaps your operation is in a different $\frac{1}{4}$ of this same section and are not affected by Atlas Minerals' operations. In any case the Division would like to hear from you relative to this matter so that we may have a clear picture of your operations.

Sincerely,

Ronald W. Daniels
